

# St Joseph County TOP THREE ISSUES June 2024

## 1) ELECTION INTEGRITY

Note the red line showing statistically unlikely actual ballots recorded in 2020

Population from US Census Bureau  
Registrations & Ballots cast from January 2021 Qualified Voter File (QVF) from state of Michigan

St. Joseph County reported 28,125 ballots cast for November 2020.  
In January 2021, only 27,254 vote histories remained. The difference is 871 votes.

Note the place this is made possible is inflated voter registrations (dark blue line)

## HAND COUNT BALLOT TRAINING

FOR ST JOSEPH COUNTY

the Linda Rantz method with Anna Pierce

SATURDAY JULY 13TH

at 1PM FIRM FOUNDATIONS PORTABLE # 3

It's not rocket science, but there are Best Practices.

Come and get hands on training and see how its done correctly!

Kelly W, Craig C

## 2) BORDER SECURITY:

### **Illegals Free Stuff !**

#### **The Driving Force & Incentives for Illegal Migration to America**

Most of us are aware of some system of perverse incentives incentivizing foreigners to come to the U.S. without legal authorization. What we do not know is how much are they getting and who is giving it out to them. The Biden administration is flying them in the sky to many undisclosed locations all around our country, without any vetting what so ever. Government officials are sending in un-badged “monitors” telling the public to not take pictures, ignoring requests for public records. Howie Carr, the writer and radio host, assembled the data that he could locate as follows:

Listing all the free benefits the deep state officials provide in the “migrant shelters”. This list comes from many varied sources, because the state refuses to provide information as mandated under the Freedom of Information Act (FOIA):

- Free hotel rooms at \$150 + a day.
- Three meals per day at \$64 per person per diem.
- Free on-site medical & dental services (including condoms).
- Special diet for Ramadan.
- Free same-day dry cleaning w/free pick up & delivery.
- Free housekeeping twice a week.
- Free notary services
- Free Cell Phones, Chargers/charging ports.
- Free Tablets, I-Pads.
- Free Clothing, new & used.
- Free Uber services
- Everyone got new free winter coat, gloves and shoes
- Free tax preparation at \$350 per family, w/attorneys “child tax credit” available
- Free toiletries (toothpaste, tooth brushes, deodorant, special “ethnic” shampoos, aspirin, skin cream, feminine products)
- Free attorneys available, free Medicaid, Free WIC cash for single moms, welfare checks
- Free holiday parties, movie nights at the hotels, free 24/7 security services
- Free English second language courses

On moving day when they leave the hotel when that happens, they get \$30,000 in rent assistance for two years, free luggage, free U-Haul boxes, free new beds, then moving on they get a free case manager to find them a place to stay, free parenting classes, free “early childcare education”

and free life coaches. This is what is driving the Replacement Theory to replace our native born population with foreigners of varied ethnic backgrounds with no understanding of our system of government based on free enterprise, rule of law, and of the history of our democratic republic. The number of illegal immigrants is close to 10 million or more, or the population of greater Chicago. ### 3) SECOND AMENDMENT:

Governor Whitmer announced recommendations for her proposed budget. Those recommendations included \$2.6 million for implementation of the new “[Red Flag](#)” law and a further \$1.8 million in grants for community-based organizations that provide training and programming related to implementing this law. The \$2.6 million for implementation of this law seems to be a sound investment; however, specific details are difficult to find. We must remain vigilant to ensure that the money is spent on training that ensures both the safety and constitutional rights of all involved in enforcing the “Red Flag” law.

Specific details about the “community-based organizations” that are going to benefit from the \$1.8 million the Governor wants to allocate are a bit sparse as well. You get a good idea of who they are when reading the Governor’s [6-20-2024 press release](#) touting the establishment of the Michigan Gun Violence Prevention Task Force. The Task Force itself is detailed in the [Governor’s Executive Order](#). The Governor’s order notes that “Michigan has one of the highest rates of gun violence in the nation.” This is despite Michigan enacting firearms laws since 1914. Time will tell whether this Task Force represents an honest effort to reduce gun violence in Michigan or becomes another ineffective bureaucracy. The Executive Order gives it just 540 days after its first meeting to complete its task.

-----

On 6-14-2024, the U.S. Supreme Court upheld a 1994 ban on firearms possession by people under domestic violence restraining order(s). Michigan already bans those convicted of assault or domestic violence from obtaining a Concealed Pistol License for eight years (MCL 750.81). The “Red Flag” law, if enforced properly, seems to be in line with Friday’s ruling.
