

ST Joe Co. Top 3 Issues for February 2026

Next Issues meeting Tues. March 10, NOON @ Royal cafe

1. Save Act: President Trump has made it clear repeatedly and firmly, we must reclaim our elections or we will become a Third World cesspool. The SAVE act is the first real step to accomplish the goals of clean and fair elections. It codifies national voter ID law. This is the bare minimum requirement to prevent illegals from voting. It also begins the codification of cleaning voter rolls as a national code mandate. Look for this law to tie into elimination of early and extended mail in voting for weeks in many states. It will instead revert to the with excuse only absentee voting as per practice with proof of citizenship and for military or people out of country. **OUR STATE SENATORS STILL NEED TO BE CALLED REGULARLY. TELL THEM TO VOTE FOR THE SAVE ACT.** Gary Peters #202-224-6221, Slotkin #202-224-4822 craig

2. County Official party declarations...or lack thereof: Carl was reading on the county website recently and out of curiosity checked the records of many of our elected officials. What he found is surprising. Many officials are not declaring a party affiliation on election forms. Let's all commit to talking or contacting the officials we know and ask why they are running as republicans on the ballot but aren't saying so plainly on their intent forms. Below is a list of some that Carl and Ron Adams looked up.

3. Who is Tina Peters and Who is Stephanie Scott? Why is it so vital to know:

DON'T FORGET THE WHISTLE-BLOWERS.

TINA PETERS, former Colorado Mesa County Clerk, remains in prison for preserving election data when ordered to destroy it. Tina is a 70 years old, a gold star mother fighting cancer and a hero for keeping the records of the 2020 election. Even after being pardoned by President Trump, she remains in prison for a 9 year sentence. In January she was assaulted 5 times. The last time she was the one punished by being put in solitary confinement. Governor Jared Polis refuses to release her. WHAT CAN YOU DO? You can call the governor's office and request that she be released. The phone number is 303-866-2471. You will need to state your name and the state you are from. You can also email at Governorpolis@state.com.us Tina has also requested our prayers.

STEPHANIE SCOTT is a former Adams Township clerk fighting a similar battle in the court in Hillsdale County in Michigan. Legal costs are mounting. WHAT CAN YOU DO?
